

Changeable Climate

IS A CONSTANT THREAT TO THE HEALTH OF THE PEOPLE.

Dr. Hartman, of Columbus, Ohio, discusses an important health topic. He says:

Yes, it is the climate, not the germs, that we have to fear in this country. The germs are present, to be sure, and are of some significance in diagnosis. Climate, a changeable climate, is the true cause of disease. The atmospheric pressure varies, the humidity of the atmosphere changes. Every day the temperature rises and falls. All this presents to the body very great trials to adjust to.

The area of high pressure forms in the northwest. Moves rapidly southeast, subjecting millions of our population to its influence. The result is, thousands upon thousands of people catch cold. A small per cent. of these thousands do not get well of their cold. It goes into pneumonia, or chronic catarrh, or bronchitis, or laryngitis, or pleurisy.

Now, what I am getting at is this. These climatic changes are inevitable. No one can prevent them. The very best we can do is to prepare for them, defend ourselves against them.

Good health is the best preventive. The very best. Vigorous health, with excess vitality, this is Nature's own preventive and protection.

We do not all have this, however. Some of us must have assistance. The assistance that I use for myself, would recommend for my friends to use, my neighbors and my countrymen, Pe-ru-na. Keep Pe-ru-na in the house.

If the children indicate they are catching cold, give them Pe-ru-na.

If the parents, the grandfather or grandmother, present those symptoms that are so well known which precede a cold, a few doses of Pe-ru-na and the deed is done.

Some people are very subject to colds. Others who have weak lungs and are timid about our winter weather, take Pe-ru-na off and on during the whole winter season. The plan is a good one. The medicine is inexpensive. It does no possible harm to the system. It keeps the appetite regular and keen. It assists digestion and helps the user through the inclement weather of winter.

Dr. Chas. Perrier, police surgeon at Nimes, France, concludes from experiments lasting ten years, that thieves and incendiaries have the longest feet; comers come next.

THE BEST COUGH MEDICINE

"I've used Chamberlain's Cough Remedy ever since I have been keeping house," says L. C. Hames, of Marlbury, Ala. "I consider it one of the best remedies I have ever used. My children have all taken it and it works like a charm. For colds and whooping cough it is excellent." For sale by all dealers. (Feb) (adv)

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is

Paxtine

A soluble Antiseptic Powder to be dissolved in water as needed.

As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Paxtine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists. 50c. large box, or by mail. The Paxton Toilet Co., Boston, Mass.

News over the State

Put Poison in Food
Hopkinsville—Four students at Bethel Female College mixed a quantity of strychnine in a rabbit which they were to use as a chafing dish. They also put strychnine in the food of the rabbit and became extremely ill. The result might have been fatal. The victims were Misses Viola Radford, of Princeton; Frances St. of Pembroke, and Mrs. M. J. and Bertie Nichols, of Eligon.

Four Killed in Runaway
Hickman—Mrs. W. J. Miller and her two children were killed at Samburg, Tenn., when the horse attached to the wagon in which they were riding became unmanageable and woman's husband, who was also in the wagon, escaped without injury.

Kentuckian Confesses
Cincinnati, O.—Jacob Herrell, of Henry county, Ky., confessed to the murder of his wife, whose body was found under a bed at the Herrell apartments at 710 Mound street, last Wednesday evening. He stated that he told John Mason, jointly held with him as a suspect, that he had killed his wife. He stated that Mason went to his home after he had made the confession, and wrapped the body up after which he thrust it under the bed.

He told the police that he killed his wife Tuesday morning. The weapon he used was a hammer.

Shelby Assessment
Shelbyville—The County Board of Supervisors added \$429,250 to the returns of the assessor, making the total valuation of property in Shelby county subject to taxation, exclusive of corporations, \$12,792,650.

Four Hurt in Collision
Owensboro—John Scott and Hampton Johnson, of the Pettit neighborhood, are at the city hospital in a serious condition, and Mrs. W. F. Johnson, mother of the boy, is slightly injured, as is Steve Shepherd, as the result of a collision on Frederick street late Saturday evening, when Steve Shepherd drove his horse and buggy into that of the Johnsons, in which sat Mrs. Johnson, and behind which the boy was standing.

Acquit Aged Slayer
Whitesburg—The jury in the John Blevins murder case reached a verdict of acquittal after having occupied four days of the session. Blevins, who is 64 years old, killed Joseph Craft at McRoberts, November 11 last year, in self-defense, it is said.

Pardoned Too Late
Frankfort—The pardon that came too late for Jesse Edmunds, a negro prisoner in the Eddyville penitentiary was returned to Gov. McCreary by the prison authorities, with the explanation that Edmunds died January 28, the day the pardon was made out and mailed to him. He was dying of tuberculosis when the application was made. He was serving a sentence for forgery committed in Barren county.

Hamlett Preparing Bill
Frankfort—State Superintendent of Public Instruction Barksdale Hamlett is preparing a bill to be introduced in the General Assembly making the school age in this State 6 to 18 years and providing for a biennial instead of an annual census. The present law includes minors up to 20 years of age. This is considered too high both for an apportionment of the school per capita and for making accurate comparisons between the attendance, as most youths over 18 still in school are attending college. The annual school census is expensive and unnecessary in the opinion of the Superintendent.

Low Value on Franchise
Frankfort—In its petition for a preliminary injunction restraining the collection of franchise taxes under an assessment of 1913, a copy of which reached Frankfort Monday, the Louisville & Nashville asserts that on a valuation of 60 per cent. its franchise assessment for 1913 in Kentucky should not be more than \$2,569,586.36. The State Board of Valuation and Assessment, using a basis of 80 per cent. of the fair cash value, assessed it at \$45,658,630.

Insurance Company Upheld
Frankfort—Foreign, accident, indemnity and health insurance companies doing business in Kentucky are not required under Section 693 of the Kentucky Statutes to have \$150,000 paid-up capital stock, but are governed by Section 687, requiring them to deposit \$100,000 in this or some other State for any one of those lines of business and \$50,000 for each additional line of business engaged in. This was the substance of an opinion handed down by Judge Turner in the Court of Appeals affirming judgment of the Franklin Circuit Court enjoining State Insurance Commissioner Matt C. Clay from revoking the license of the Employers' Indemnity Company, of Philadelphia, for not having \$150,000 paid-up capital stock. The company has a paid-up capital of \$100,000, and has on deposit in Pennsylvania \$100,000, and engages only in industrial indemnity insurance.

Vaccination to Be Enforced
Lexington—At a meeting of the City Board of Health it was decided that the Board had the right to compel all persons to be vaccinated and it was determined to employ power with all who refuse to submit to the Board's order. City Health Officer N. R. Simmons stated that four cases were discovered in December, thirty-one in January and twenty-three so far in the present month. He urged

that a house-to-house canvass be made and no resident of the city be permitted to escape vaccination. The Board announced that it would support this action, and it was decided to secure warrants for twenty-four persons who had refused to be vaccinated. Both the public and private schools have been notified not to admit pupils who have not been vaccinated, and the Board will send orders to factories and other business establishments to see that all employees are vaccinated. Any establishment which refuses to obey will be closed down by the Board.

No Criminal Cases

Richmond—Circuit Court convened here with Judge James M. Benton, of Winchester, presiding, and Commonwealth's Attorney Ben A. Crutcher on hand. There are no criminal cases for the term and the civil docket is unusually light.

INDIGESTION, GAS OR SICK, SOUR STOMACH

Time "Pape's Diaphepsin!" in Five Minutes all Stomach Misery is Gone.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diaphepsin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and undigested food, if you are drowsy and dizzy; if your tongue is coated; if your insides are filled with bile and indigestible waste, remember the moment Pape's Diaphepsin comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diaphepsin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to the men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach doctor in the world. (adv)

YOU'RE BILIOUS AND COSTIVE—CASCARETS

Sick Headache or Sour Stomach Means Sluggish Liver and Bowels

Get a 10-cent box now. Furred tongue, bad taste, indigestion, sallow skin and miserable headache come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That is the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling fine for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too. (adv)

The early subscriber will be given the benefit of \$2.75. In making this clubbing rate it is understood that the subscription to the Post will be sent by mail, and in no case delivered to the subscribers by the city carrier. All subscriptions must be sent to THE LOUISVILLE NEWS, Paris, Kentucky.

An Ordinance!

CITY HALL, PARIS, KY., January 22, 1914.

Section 1.—Be it ordained by the Mayor and Board of Council of the City of Paris, Ky.

WHEREAS, it is deemed desirable to reduce the boundaries of the City of Paris by taking out of and excluding from the City of Paris the following lands now used for farming purposes, to-wit:

"Beginning on Stoner Creek at a point where the property of Mrs. Nannie Clay Hancock joins the pump station property, and running along Stoner Creek as it meanders to the mouth of Kennedy's Creek, and thence in a straight line to the Winchester pike so as to include all the lands formerly owned by the late Garrard Davis and now owned by Mrs. Nannie Clay Hancock, and thence in the middle of said Winchester turnpike northwardly to a point 320 feet south of Hal Woodford's corner; thence in a straight line to the place of beginning."

It is therefore ordered and ordained that the parcel of land above set out by metes and bounds be excluded from and taken out of and stricken from the present boundaries of the City of Paris.

SECTION 2.—This ordinance shall be published for not less than three (3) weeks in the Bourbon News, published in Paris, Kentucky.

SECTION 3.—Within thirty days after the adoption, publication and advertisement of this ordinance a petition shall be filed in the Circuit Court of Bourbon County in the name and on behalf of the city setting forth the passage, publication and advertisement of this ordinance, the object and purpose thereof together with an accurate description by metes and bounds of the territory proposed to be stricken from the city and praying for a judgment of the court to strike from the city; and said petition shall be filed not less than twenty days before the first day of the next succeeding term of the Bourbon Circuit Court.

J. T. HINTON, Mayor.

Sick Women Made Well

Reliable evidence is abundant that women are constantly being restored to health by Lydia E. Pinkham's Vegetable Compound

The many testimonial letters that we are continually publishing in the newspapers—hundreds of them—are all genuine, true and unsolicited expressions of heartfelt gratitude for the freedom from suffering that has come to these women solely through the use of Lydia E. Pinkham's Vegetable Compound.

Money could not buy nor any kind of influence obtain such recommendations; you may depend upon it that any testimonial we publish is honest and true—if you have any doubt of this write to the women whose true names and addresses are always given, and learn for yourself.

Read this one from Mrs. Waters:

CAMDEN, N.J.—"I was sick for two years with nervous spells, and my kidneys were affected. I had a doctor all the time and used a galvanic battery, but nothing did me any good. I was not able to go to bed, but spent my time on a couch or in a sleeping chair, and soon became almost a skeleton. Finally my doctor went away for his health, and my husband heard of Lydia E. Pinkham's Vegetable Compound and got me some. In two months I got relief and now I am like a new woman and am at my usual weight. I recommend your medicine to every one and so does my husband."—Mrs. TILLIE WATERS, 1135 Knight St., Camden, N.J.

And this one from Mrs. Haddock:

UTICA, OHLA.—"I was weak and nervous, not able to do my work and scarcely able to be on my feet. I had backache, headache, palpitation of the heart, trouble with my bowels, and inflammation. Since taking the Lydia E. Pinkham's Vegetable Compound I am better than I have been for twenty years. I think it is a wonderful medicine and I have recommended it to others."—Mrs. MARY ANN HADDOCK, Utica, Oklahoma.

Now answer this question if you can. Why should a woman continue to suffer without first giving Lydia E. Pinkham's Vegetable Compound a trial? You know that it has saved many others—why should it fail in your case?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.
